Asusabook out of Japan, has made their presence known in the album market. They have a variety of book styles to choose from including hard bound, soft bound and a variety of parents" albums. A great choice.

This flush mount panorama leather album offers you a chance to get a hand assembled album with a leather cover for a great price. They are available in a variety of colors and each photograph is hand assembled into the album.  
Full leather cover

Our LayFlat Albums are photographically-printed on the same paper as our Flush Mount Panorama Albums, but offer a lighter-weight feel because of the LayFlat binding process. Full leather cover
